Hi Monica,

I understand our County hasn't lifted the restriction on basketball courts but it doesn't seem to be enforcing it consistently. My sons practice 7-on-7 football at the Progress Village Park and there are two full courts that not only have rims up but in the past couple of weeks new rims have been installed.

https://www.hillsboroughcounty.org/en/locations/progress-village-park

I realize Wesley Chapel is in Pasco but we were at its District Park last August and all of their basketball courts had full court games going (as well as all of the baseball fields and batting cages and soccer fields. It's quite a nice facility.).

https://www.pascocountyfl.net/678/Wesley-Chapel-District-Park

And of course the City of Tampa Parks have never taken their hoops down including Al Lopez Park by Bucs Stadium and West Pines Park on Armenia.

https://www.tampa.gov/parks-and-recreation/featured-parks/al-lopez

Maybe we need to look beyond what our County is doing for what is a reasonable position to take.

Thanks, Michael Good afternoon Ray,

We haven't taken an official position either way on the reopening of basketball courts but we have visited a few that have chosen to reopen while putting controls in place that appear to be reasonable. Our last update was as of Phase 3 (attached). At that time we noted that district may consider reopening athletic courts while continuing to advise residents and guests of current CDC guidelines. We would also recommend that the district align with the county's current guidance and it appears that Hillsborough has basketball courts remaining closed at larger county parks while having them open at "Neighborhood Parks." That said, Panther Trace's court would be more similar to the latter.

As far as the potential exposure for the district, someone could always allege that they caught COVID-19 at the basketball court, but this would be difficult to prove. Failure to warn could also be an exposure. It will be important to ensure that signage is in place that reminds residents and guests that the court use is "at your own risk" along with social distancing reminders. General prevention signage, similar to what is in and around the clubhouse, posted in the area would also be a best practice. The general <u>Safety Tips</u> provided by Hillsborough County for their Parks can also be shared. If I'm remembering correctly, there are two full courts at PT I and I see how this can draw a larger crowd. To reduce the size of gatherings, one consideration could be to open them as half courts to discourage pick up games and group games. I hope this helps. Please let us know if you have any other questions.

COVID-19 UPDATE :

Phase 3

Dear FIA Members and Partners :

Gyms and Fitness Centers

Under Phase 3, gyms and fitness centers may operate at full capacity. Districts should continue to follow CDC/DOH cleaning and sanitation protocols during

all hours of operation by promoting and encouraging social distancing and self-sanitization of equipment after use. Districts should continue to provide sanitation supplies. District personnel should help ensure these sanitation protocols are followed.

Districts with Cafes and/or Restaurants

Capacity restrictions for restaurants have been lifted as part of the Phase 3 reopening. CDC/DOH cleaning and sanitation protocols should be maintained.

Amenity Center and Clubhouse Use (General) and Special Events

Districts can resume full capacity use of their amenity centers and the scheduling of special events and activities. When resuming these events, districts should consider providing written communication to residents reminding them that high-risk populations should self-evaluate their participation in events to limit their exposure. Districts should post signage reminding residents and guests to follow social distancing guidelines and practice proper hand hygiene during these activities. CDC/DOH cleaning and sanitation protocols should be maintained.

Amenity Center and Clubhouse Rentals

Rental agreements should include acknowledgment of COVID-19 along with waiver language and requirements for renters to ensure that their guests are aware of current preventative measures and guidelines.

<u>Pools</u>

Districts may now consider removing or increasing capacity limits. We encourage districts to promote adherence to CDC/DOH social distancing protocols via methods such as signage, pool furniture positioning, etc.

CDC/DOH cleaning and sanitation protocols should be maintained for high touch areas.

Playgrounds and Athletic Courts

Playgrounds and athletic courts may reopen while continuing with the posting of signage advising residents and guests of social distancing guidelines along with reminders to self-sanitize as the virus may stay on some surfaces for days.

I hope that you find this update useful and supportive of your efforts as the reopening process continues. Please do not hesitate to reach out to us if you have any questions or if your district needs special assistance with their reopening plan.

Stay Safe,

Andy Jimenez
